

Clean-N-Shine

CLASSIFICATION:

- Floor cleaner restorer

PACKAGING:

Jug	Pail	Drum
4L	20L	210L

DESCRIPTION:

- **Clean-N-Shine** is a commercially neutral product, safe for use on any water-washable surface, including floors maintained with a floor finish.
- **Clean-N-Shine** cleans and restores floor finishes in one operation.
- **Clean-N-Shine** does not form a polymeric film, and so will not trap in dirt.
- **Clean-N-Shine** is ideal for use as a natural stone soap, for use surfaces such as marble, granite, terrazzo as well as ceramic tile.
- **Clean-N-Shine** may be applied through an autoscrubber or with a mop / bucket.

CHEMICAL AND PHYSICAL PROPERTIES:

- Appearance: Clear amber liquid
- Odour: Sassafras + Soap
- pH, Concentrate: 9.5-10.5
- pH, 1:40: 8-9
- Specific Gravity: 1.04
- Viscosity: 1000-2000 cps

USE DIRECTIONS:

- Dilution: Prepare use solutions of **Clean-N-Shine** in cold water.

Application	Dilution	mL/L
Floor Finish Cleaning /Restoring	1:40	25
Light Duty Cleaning	1:120	8

- **Floor finish cleaning / restoring:** Dilute **Clean-N-Shine** according to regular cleaning/restoring concentration listed above. **Clean-N-Shine** may be applied with a mop and bucket in or through an autoscrubber equipped with a red floor pad. Burnish floors coated with floor finish immediately after drying, using the recommended pad for the specific Sanilabs floor finish.
- **Light duty cleaning:** Dilute **Clean-N-Shine** according to light duty cleaning concentration listed above. **Clean-N-Shine** may be applied with a mop and bucket in or through an autoscrubber equipped with a red floor pad.

See Material Safety Data Sheet for proper handling and safety instructions.
