

## Odour Master 400

### CLASSIFICATION:

- Liquid odour counteractant

### PACKAGING:

Jug	Pail	Drum
4L	20L	210L

### DESCRIPTION:

- **Odour Master 400** is an odour counteractant, eliminating a wide variety of malodours. **Odour Master 400** is not a masking agent, which simply overpowers malodours.
- **Odour Master 400** may be used as a light duty cleaner, a surface or space spray, or as an odour counteractant boost to non-germicidal hard surface and carpet cleaning products.
- **Odour Master 400** leaves behind a non-descript, freshly cleaned scent.
- **Odour Master 300** is not flammable or combustible (concentrate or diluted form)

### CHEMICAL AND PHYSICAL PROPERTIES:

- |                    |                                    |
|--------------------|------------------------------------|
| • Appearance       | Clear blue liquid                  |
| • Odour            | Characteristic odour counteractant |
| • pH, Concentrate  | 7.5 – 8.5                          |
| • pH, 1:10         | 7.0 – 8.0                          |
| • Specific Gravity | 1.01                               |
| • Viscosity        | Less than 20 cps                   |

### USE DIRECTIONS:

- Dilution: Prepare use solutions of **Odour Master 400** in water.

Application	Dilution	mL/L
Heavy Duty Odour Control	Full Strength	Full Strength
Medium Duty Odour Control	1:10	100

- **Trigger Sprayer Space and Surface Odour Control:** Mix at medium concentrations listed above. Spray and wipe if applied to hard surfaces.
- **Odour Control Boost for Non-Germicidal Products:** Add 10 mL of **Odour Master 400** per litre of diluted product (1:100 with diluted product).
- **Heavy Duty Odour Control:** Use **Odour Master 400** at full strength for urinals, dumpsters, portable toilets, trash rooms and other environments requiring maximum odour counteraction.

*See Material Safety Data Sheet for proper handling and safety instructions.*
