

## ENVIRO™ Neutral Cleaner

### CLASSIFICATION:

- **Environmentally responsible neutral cleaner**

### PACKAGING:

Jug	Pail	Drum
4L	20L	210L

### DESCRIPTION:

- **ENVIRO Neutral Cleaner** meets or exceeds all criteria contained in all major North American Environmental Standards (*see attached reference*).
- **ENVIRO Neutral Cleaner** is a commercially neutral cleaner, safe for use on any water-washable surface. It will not dull any surface, including floors coated with a finish, leaving a streak-free appearance.
- **ENVIRO Neutral Cleaner** is low foaming, and can be used in autoscrubber and mop and bucket applications.
- **ENVIRO Neutral Cleaner** has built in powerful Sanilabs Odour Counteractant technology.

### CHEMICAL AND PHYSICAL PROPERTIES:

- |                    |                                    |
|--------------------|------------------------------------|
| • Appearance       | Clear, colourless liquid           |
| • Odour            | Characteristic Odour Counteractant |
| • pH, Concentrate  | 7.0 – 8.0                          |
| • pH, 1:80         | 7.0 – 8.0                          |
| • Specific Gravity | 1.01                               |
| • Viscosity        | Less than 20 cps                   |

### USE DIRECTIONS:

- Dilution: Prepare use solutions of **ENVIRO Neutral Cleaner** in water.

Application	Dilution	mL/L
Light Duty Cleaning	1:80 – 1:120	13 – 8
Heavy Duty Cleaning	1:40 – 1:60	25 – 17

- **Routine floor cleaning:** ENVIRO™ Neutral Cleaner may be used with a mop and bucket in a damp or wet mopping operation, or in an autoscrubber equipped with a red floor pad.
- **Floor finish scrub and recoat:** Use at the heavy concentrations listed above. Scrub with an autoscrubber or a low speed scrubber and blue pad.
- **Multi-surface cleaning:** Apply to surface from spray bottle or bucket. Wipe.

*See Material Safety Data Sheet for proper handling and safety instructions.*

## ENVIRO Neutral Cleaner

### ENVIRONMENTAL ATTRIBUTES:

**ENVIRO Neutral Cleaner** meets or exceeds all relevant criteria contained in all major North American Environmental Standards:

- All organic ingredients are readily biodegradable
- Neutral pH
- Contains less Volatile Organic Compounds (VOC's) than regulated by all North American standards
- Is not flammable or combustible
- Contains no alkylphenol ethoxylates, phthalate, 2-butoxyethanol (butyl cellosolve) or other regulated glycol ethers
- Contains no ozone depleting compounds
- Contains no phosphates; meets all North American regulations for eutrophication.
- Contains no bioaccumulative pefluorooctance sulfonate
- Contains no carcinogen
- Contains no known reproductive toxin, mutagen, teratogen, or fetotoxin
- Contains no known endocrine disruptor
- Packaged in recyclable packaging
